Ports Events and Activities

The Esri User Conference (Esri UC) has many presentations and events with hundreds of topics covered. To help you find your way to the Ports sessions and events, we have prepared a more focused agenda.

Transportation Area Showcase

Ground Level, Exhibit Halls ABC, SDCC

Tuesday, July 12	9:00 AM–6:00 PM
Wednesday, July 13	9:00 AM–6:00 PM
Thursday, July 14	9:00 AM–4:00 PM

Visit the Transportation Showcase to see geographic information system (GIS) solutions for airports, public transit, departments of transportation, rail, and ports. At Esri, we believe that GIS is a critical tool to enable organizations to make the world a better place. When applied to these disciplines, GIS helps organizations and people make better decisions about how to maximize operational efficiency, environmental consciousness, safety, and equitable transportation access.
