# THE ADMINISTRATIVE APP FOR ARCGIS ONLINE & PORTAL

40+ Tools Providing 90% Time Savings on Daily Administrative Tasks. Trusted and used by over 2,000 organizations around the world.

- Jumpstart your portal through wizard-driven creation of model organizations and ArcGIS solutions

- Improve communication with the power of email notifications

- Increase awareness through portal-wide search and filtering capabilities along with dynamic views of item dependencies

- Effectively manage infrastructure changes with bulk updates to web map service URLs

- Streamline deployments and migrations from ArcGIS Online to Portal, Portal to ArcGIS Online, and Portal to Portal with native cloning technology
